PROFESSIONAL SUMMARY

Recent **Bachelor of Computer Applications (BCA)** graduate with a strong interest in **Data Analytics, Artificial Intelligence, and Prompt Engineering**. Currently pursuing a **Data Analytics course at TOPS Technologies**, developing practical skills in Python, SQL, Excel, and data analysis. Completed a **Prompt Engineering / Python internship at Vortex Aziel**, gaining practical experience in Python, Django, AI-assisted development, and web application development. Curious, adaptable, and eager to apply technical skills to real-world data and technology projects.

CORE SKILLS & TOOLS

- Python
 - SQL
 - Microsoft Excel
 - Data Analytics
 - Prompt Engineering
 - Artificial Intelligence
 - ChatGPT
 - Google Gemini
 - Django
 - HTML / CSS
 - GitHub
 - GitHub Desktop
 - VS Code
 - Jupyter Notebook
 - Anaconda
-

AI SKILLS & CERTIFICATIONS

Prompt Engineering & AI

- Practical exposure to **Prompt Engineering** through internship experience and AI-assisted development.
- Used AI tools to support **coding, debugging, problem-solving, research, and project development**.
- Experience creating and improving prompts for different tasks.
- Applied AI-assisted workflows during Python and web-development projects.

Data Analytics Course — TOPS Technologies

Currently Pursuing

- Python for Data Analytics
 - SQL
 - Excel
 - Data Analysis
 - AI applications in analytics
-

WORK EXPERIENCE

Prompt Engineering / Python Intern

Vortex Aziel | Feb 2026 – Mar 2026

- Worked on practical tasks involving **Python, Prompt Engineering, and AI-assisted development**.
- Learned and applied basic **Django** concepts during the internship.
- Developed Python mini-projects including a **Grade Calculator, Number Guessing Game, and Calculator application**.
- Created a portfolio website as part of the internship activities.
- Worked on an **Fashionix fashion studio** using Django.
- Worked on an **online order and resume system** and internship recommendation functionality based on skills.
- Used **VS Code, Windsurf, Antigravity AI, GitHub Desktop, and GitHub** during project development.
- Used AI tools to support coding, debugging, research, and problem-solving.
- Prepared and submitted project work and an internship report.

FEATURED PROJECTS

Delicious Dairy — E-commerce Website

Python | Django | HTML/CSS | AI | GitHub

- Developed an e-commerce website for dairy products.
- Designed a platform where users can explore dairy products and interact with an online store interface.
- Gained practical experience in developing a web-based project.

Fashionix — Online Clothing Store

Php | HTML | CSS | AI | Github

- Developed a web platform for an online clothing store.
- Created an organized interface for displaying clothing products.
- Improved understanding of web development and user-oriented website design.

Python Mini Projects

Python | VS Code | Jupyter | Anaconda

- **Grade Calculator** — Python application for calculating grades based on marks.
- **Number Guessing Game** — interactive game using Python programming concepts.
- **Calculator Application** — application for performing basic mathematical operations.
- Practiced Python concepts including **variables, data types, conditions, loops, functions, and application logic**.

Data Analytics Learning Projects

Python | SQL | Excel

- Practicing data analytics as part of the **TOPS Technologies Data Analytics course**.
- Working with **Python, SQL, and Excel** for data-related tasks.
- Developing knowledge of **data cleaning, querying, analysis, and interpretation**.
- Using AI tools to support learning, analysis, problem-solving, and productivity.

EDUCATION

Bachelor of Computer Applications (BCA)

Shree G.K. & C.K. Bosamia Arts and Commerce College, Jetpur
Saurashtra University

2023 – 2026 | CGPA: 6.44

Class XII

Alpha English School | GSHSEB

2023 | Percentage: 60.28

Class X

Chanakya Academy | GSEB

2021 | Percentage: 70

ACHIEVEMENTS & EXTRACURRICULARS

- Completed a practical **Prompt Engineering / Python internship at Vortex Aziel**.
 - Developed an **AI-Based Internship Portal** as an internship project.
 - Gained practical exposure to **AI-assisted coding and Prompt Engineering**.
 - Participated in technical and creative activities during academic and professional training.
 - Continuously developing skills in **Data Analytics, Python, SQL, Excel, and AI**.
-

PROFESSIONAL STRENGTHS

- Curious and willing to learn
- Adaptable
- Good communication skills
- Problem-solving mindset
- Research and searching skills

- **Friendly and cooperative**
 - **Quick learner**
 - **Interested in learning and applying emerging AI technologies**
-

LANGUAGES

- **Gujarati**
 - **Hindi**
 - **English**
-
